Made-to-Measure Upholstery by TA is available in three depths. Standard depth is 37 inches overall, Relaxed depth is 40 inches overall and Gracious depth is 44 inches overall.

Standard depth has an approximate seating depth of 21 inches, Relaxed depth and Gracious depth both have an approximate seating depth of 24 inches.

The overall depth of Made-to-Measure Upholstery by TA products is consistent from arm style to arm style. This measurement is taken from the front of the seat cushion to the point the back would touch a wall.

- The overall height will vary depending on the type of back selected.
- The seat depth is consistent regardless of arm selected. The measurement of seat depth is a guide and is not intended to indicate comfort. Loose pillow backs will vary in depth from tight backs by measurement, but not in comfort, due to the materials and methods used.
- The seat height of all Made-to-Measure Upholstery by TA frames is constant regardless of overall depth or arm selection. There will be some variation in seat heights due to the fabric selected and the nature of handcrafted workmanship.
- Made-to-Measure Upholstery by TA is available with exposed wood, acrylic, and metal leg options. The overall height of the leg will vary depending on the style while the frame height will remain constant.
- Ottomans will have the same legs all around regardless of style selected.
- All wood legs are available in all Theodore Alexander finishes. Premium finishes will require an up-charge.
